THE CAMPAIGN.

ADDRESS TO THE PEOPLE.

Appeal to the Workingmen's Organization.

Read, Ponder on and Act.

TO THE UNION REPUBLICAN VOTERS OF ALLEGHENY COUNTY:—The time is at hand when your services are again required at the polls. The standard bearers of loyalty for the State be your own choice—tried friends and fellow citizens, the Hon. Henry W. Williams.

When one of your own best citizens has been nominated for the only State office to be filled, it is eminently proper that every vote should be polled, and a majority given him, such as will satisfy our friends abroad that Allegheny county not only appreciates her excellent son and jurist, but with sleepless vigilance watches over the interest of the entire country.

Elect Judge Williams or Sharswood, for the next fifteen years, if spared, will occupy a seat upon the bench of the Supreme Court of your State, and may be the point upon which may turn vastly important questions in which you are all deeply interested.

With the former you are intimately acquainted. You know him as a Christian, a scholar and a patriot; as an honest man and true jurist. While of Judge Sharswood you have no personal knowledge upon which to depend as a guarantee of the future. You have heard of him as the Judge who decided that the Legislature of the State, by a mere majority, had the power to alter the charter of the city of Philadelphia, an opinion which, if carried out, would have withheld from your army the very provisions necessary for the suppression of the rebellion.

In this choice you have to make, consult your own safety, but do not fail to remember that one or the other of these two men during their term of office may be called upon to decide questions connected with the public securities of the country, with pensions, bounties and other interests growing out of the rebellion. On your own ballot rests the responsibility of sound or unsound interpretation of the law.

But fellow citizens, there is a higher purpose still to be accomplished by your ballots. The country is far from being at rest. Disorganizing elements continues to throw out its lurid flames and light up the whole horizon with new and untold dangers. A President who came into power by the hand of an assassin, backed and bolstered by the influence of Blair, has turned assassin upon his own repeated pledges of loyalty. From being a pretended Moses of the downtrodden African, he has become the Moses of the rebels. At every step he has taken upon the will of the people by violating the Civil Rights bill, the Freedmen's Bureau bill, the Congressional Reconstruction bills, and not satisfied with these demonstrations of hostility to the views of the people as expressed through their Representatives in Congress, he expelled from office the illustrious Secretary of War, Stanton; the loyal military commanders of the southern Districts, Sheridan and Sickles. He issues a proclamation of general amnesty, and is now engaged in endeavoring to arrange the legislation of the session so as to allow them to vote and resume their control in the councils of the nation. The Constitutional amendment but the sine qua non have met with Southern unforgiveness.

He has denounced Congress and assumed to himself the right of substituting his own measures of policy for a will of the majority of the nation constitutionally expressed through the ballot box. He is in open communication with the rebel Buckalew, accused of secession, and now rumors of threats not to be misunderstood are thrown out, that if these acts of treachery and daily encroachments on the liberties of the country, if allowed to go on unchecked, will end in a resort to arms.

A fight or flight will discover the recent workings, outside of your present very respectable organization. Let every man be at his post. Let the defeated and lukewarm of Democracy, and not a few of their tickets look well to their record. Will they or will they not be sanctified enough. Can we afford to lose all we have gained in the past? Can we afford to lose all we have invested in defending the life of the Republic? It is now a very serious question. Let every man, for the present hour, put forth all fruitful energy against the common foe. Let all party issues and party names which rebellion was created, let loyal rebels and loyal men throughout the land, defeated and sustained our banner through the dark days of the rebellion, now unite with all loyal men under the emblem of liberty and union. Let us show to the world that our country is whatever change it may appear, and the industrial and financial prosperity. "We cannot afford to be defeated in the present struggle. If we fail we feel inclined to trade. Perhaps Judge Sharswood should be elected on the principle that he is a Democrat, and on the legal leader question should again be reversed, as he was in the case of the Girard will case. What result would follow? If he should become his 1st to determine whether a majority can pay a debt, question whether bonds is illegal or treasonable, whether we may or may not tax property for certain purposes, his late decision denying that they are taxable, would again come up, and then what re-sults would follow? Confusion worse confounded" would be the only appropriate condition.

We hardly give an idea or expects to pay for his services more than he will be worth to the country. Let every man vote as he would judge. On the other hand, if we present a candidate worthy of the Democratic name, and one in his principles and professional character to adorn a judge, we challenge comparison.

Let every man, then, be at his post. Inspiring the sustaining of the Government, we promptly do this we believe in harmony with the doctrines of the Republican party.

[Signed by a large number of the leading Republicans of the city for the Democratic and Conservative ticket.]

The Daily Commercial

TUESDAY, SEPTEMBER 24, 1867.

THE COMMERCIAL is *the largest daily paper in the State, and gives daily one-fourth more reading than any other paper in Pittsburgh. It is the only Pittsburgh paper that uses the telegraph liberally, gives full market reports, and all the news of the day.*

OUR CANDIDATE.

Hon. Henry W. Williams.

[From the Pittsburgh Post, June 28.]

WORTHY CANDIDATES.

"The nomination of Henry W. Williams as a candidate for Judge of the Supreme Court, is a good one. He was the best man named before the Republican Convention, and possesses legal and moral qualifications for the responsible position to which he has been nominated. Both parties have now presented their candidates. An important duty has been faithfully discharged by the respective conventions. The campaign may now be conducted without personal aspersions, and decided upon the principles of the two great parties. This is as it should be."

[From the Pittsburgh Post, August 29.]

If the notice of Judge Williams's nomination which appeared in the "*Post*" at the time, and now kept standing at the head of the Republican page, is intended as a rebuke for any supposed inconsistency since, it fails in its purpose. We have nothing to take back or modify. Of Judge Williams's private or legal reputation we have nothing but words of praise, and however it may suit some pugnacious and heady politicians, we cannot bring ourselves to view personal assaults as either wise or politic. The Democracy plants itself upon principle and deals with facts, and discusses the public and official acts of candidates.

On the third page will be found the farewell Sermon of Rev. HERRICK JOHNSON, D. D.

THE public are beginning to reap the benefit of additional telegraph lines in rates reduced fifty per cent from the old standard. This, we trust, is but the beginning, and we yet expect to see the rates still further reduced, and telegraphing done on a scale corresponding to the reduction which has taken place in our letter postage system. In the hands of the Government something like this would be speedily attained.

IT is said the President will inaugurate no new measures at present, but that if Pennsylvania, New Jersey and New York should go Democratic in the ensuing election he will consider it an indorsement of his policy, and will then take decided action against Congressional reconstruction This should be remembered by the Republican voters of this State on the second Tuesday of October. Anything like a full vote will disappoint Presidential expectations so far as Pennsylvania is concerned.

THE Workingmen have an undisputed right to support their own legislative ticket, even though there be not the ghost of a chance of electing it. Considering, however, that the tendency of such action is to break down the only party that favors a tariff which will give them protection and employment, the only party that aims to restore the country on the basis of loyalty, and to preserve the fruits of the war in which so many of them fought, and seeing that the Democrats regard the movement with hopefulness, it is difficult to perceive how Republicans, as reasonable men, can engage in it. Nor do we believe any considerable number of real workingmen, who have heretofore acted with the Republicans, will. Be the number who can be led into so unreasonable a thing as that, small or great, it is difficult to perceive how a man of them—how a workingman of any kind—can fail to support Judge WILLIAMS for Chief Justice. That he is an upright and honest Judge, they must all admit. In the just interpretation of the laws all classes of citizens have a deep interest, and considering the character, antecedents and known opinions of the two candidates, it is difficult to perceive how a voter holding to the workingmen's creed can hesitate for a moment to declare for Judge WILLIAMS. If there is a Republican bent on so unreasonable a thing as voting for the third party ticket, let him do something to redeem the character of such a proceeding by voting for Judge WILLIAMS.

TWO WEEKS MORE.

Two weeks remain before the election, time sufficient to make the State sure not only, but by a large majority. When we remember that the defeat of the Republicans would be accepted as and have all the effects of a direct indorsement of ANDREW JOHNSON, we ought to be able to feel confident that not one of them will be absent from the polls. The question is one high above who shall be Chief Justice, although that is very important. If by any possibility the Democrats should carry Pennsylvania, Mr. JOHNSON would be emboldened to do almost anything, and a dark day would dawn upon the country. It seems to us that a consideration more weighty in favor of the defeat of the Democrats, cannot be found than the fact that their success would be regarded by the President as a license from the people to go ahead in his reckless and revolutionary course. With the business community especially, this should weigh heavily and stimulate them to contribute in whatever way and to whatever extent it shall be deemed necessary to avert such a calamity. We call upon them, on every class, on every man in the community who is not in sympathy with the recreant President, to unite in a two weeks' effort for the country.

THE STREET DISTURBANCE ON SUNDAY.

Our local columns yesterday contained the report of a parade, procession, speeches and music which constituted the "reception" of Bishop DOMENEC. We now revert to the affair for the purpose of making some reflections which so unusual a Sunday display is calculated to suggest. As a secular journal, we have not been accustomed to agitate religious subjects. But we have a respect for the general sentiment of this community and for the law of the Commonwealth and for the claim of good manners among neighbors, that impels us to notice, with unqualified disapprobation, the street portion of the demonstration of last Sunday. No possible stretch of interpretation can make out any religious character for it to shield it from animadversion.

As a disturbance of the usual quiet of the city on Sunday, as a violation of the decencies of good neighborhood among professing Christians, as an interruption of the worship in all congregations assembled at the time, and as a breach of the laws of Pennsylvania, such noisy demonstrations in the streets on the first day of the week are to be condemned by every good citizen. They have not the slightest pretense to be regarded as religious observances, or any part of any kind of religion, and their effect upon public order, and their infringement on the religious rights of others by disturbing their worship, are just the same, and, as appears to us, just as inexcusable as if they had been in honor of General SHERIDAN or MIKE MCCOOL. Should our excellent Bishop KERFOOT on his return from England, or any of our excellent ministers coming home from foreign travel, have similar demonstrations made on Sunday, we should not hesitate to pronounce that also an outrage on the community, as well as a gross violation of the laws of the State. We would not hesitate to say to such clergymen, You, as a spiritual guide, do bad enough in traveling on Sunday, but inexpressibly worse, in so timing your arrival here as to disturb or give occasion for disturbing this quiet and orderly city, and interrupting the peaceful worship of a score or more of Christian assemblies.

As between Protestants and Romanists we have no controversies to decide and no opinions here to express. We have an impression, however, that it is no gain in reputation or influence, in either, to publicly and wantonly disturb the worship of the other, and we know that in a Protestant community like this, the rights of the large majority of our citizens cannot be infringed upon often without incurring a degree of odium which no sect or party can afford to invite. We have heard protests and remonstrances, and received communications enough to assure us of this. And for the sake of public order and for respect to law and for the maintenance of good feeling and good neighborhood, we cannot but express the hope that such demonstrations by people of any sect or religion will not soon occur again.

AMONG native Americans abroad, a party of eight rattlesnakes is announced as having landed at Liverpool, destined to foreign travel.

IN the principal cities of the West, a general revival of business is reported, wherever the good crops are a principal feature, a fact that has given a new life to Chicago, and the business centers of the great producing region.

THE *Financial Chronicle* concludes a review of the "financial aspects" with this remark: "Upon the whole it would appear that there is a strong probability of a more or less firm money market for the next three months."

A CHEMICAL distinction is made between alcoholic and fermented liquors, but somehow it does not run into the excise and internal revenue arrangement, where we constantly hear of trouble *brewing* about whisky.

THE remittances from New York to the West week before last are said to have been enormous, amounting, it is said, to $8,000,000, and it was expected that last week they would be even greater. These facts counsel prudence on the part of the monied institutions.

THE shoe trade was dull in Boston the past week. Orders are small and purchasers few. It is not believed that the trade is over for the season, and a revival of business is expected, though the manufacturers in some places are discharging a portion of their help.

FAINT praise, or, as they would say down there, mighty faint praise, is given to the Maryland Constitution, by a neutral Washington paper, in the following terms: "It is said to have some good features, and some not so good." This is rather neutral, too.

THE latest exhibition of hero-worship—a case that Carlyle ought to celebrate—occurred on the appearance of the horse Dexter in New York, when a company of sporting gentlemen spontaneously took off their hats to him—an involuntary, and therefore the more genuine tribute to his superiority.

ON DIT, that the Chicago *Times* is about to change editors and proprietors—that Mr. Sheahan, now one of the editors of the *Tribune*, is to be the editor of the *Times*—and that Mr. Storey is about to buy a controlling interest in the New York *World*. These rumors come to us from "Democratic" sources, and we give them for what they are worth.—*Chicago Journal.*

A MOST remarkable fact—if it be a fact—is stated about the late fearful collision of the steamers Vanderbilt and Dean Richmond on the Hudson river. It is, that of the 400 persons endangered and of the 150 on the boat that sunk, only two are reported missing. This is hardly credible. The missing in such a disaster are not apt to report. If less than twenty were lost, it would be a marvel.

THE common and striking peculiarity of the Democratic newspapers, on politics, this fall, is that they state no principles, propose no policy, enter into no arguments and deal only in misrepresentations, invective, and bragging of what they are going to do. It is probably as well for them not to cite their antecedents. Their ignoring of their history for the past six years is the only shrewd and smart feature of their campaign tactics.

THE Washington correspondent of the Charleston *Courier*, who is known to have the confidence of the President, asserts that he "has reason to believe that if the Radicals attempt the suspension of the President, the army and navy will resist it at the call of the President. I have good reason to believe this. But in this contingency, the military power of the Government would simply represent the just and wise conclusions of the American public."

ON the re-assembling of Congress a bill will be introduced repealing the territorial laws of Mormondom with the view of breaking up the institution. Elder Heber C. Kimball, in a recent address in Salt Lake City, urged a disregard of the tyrannical laws of Congress against polygamy as the only salvation of the saints! He said he had seventy children, who, brought up in the glory of the church, would, fifty years hence, make the Kimball family as numerous as the present number of saints.

DR. BLACKBURN, the benevolent individual who tried to relieve our soldiers from duty, by sending them to yellow fever hospitals, has lately applied to General Grant to be allowed to go to New Orleans. One might suppose that he had been there for some time, already, since there is a dying of yellow fever at the rate of fifty or sixty a day. The Doctor seems to be an amateur in yellow fever matters. If he were half as industrious in his efforts to check it as he was to propagate it, he might be a benefactor yet.

IT is said that when the Pennsylvania Cogperheads called on the President last week for the offices and funds to help them carry the State, he told them that he gave five thousand dollars last year, but that he was not altogether certain whether he should give them any this time; that their indorsement of his policy had not been so cordial this year as it had been last; that their State and many of their county conventions had failed to indorse his policy, yet it was finally agreed that the officeholders should be called upon to pay their share, and thus enable the Copperheads of Pennsylvania to carry on the campaign!

A WRITER from Moscow speaks of a fair at Nijni Novgorod, which lies east of Moscow. The fair was held in one of the oldest cities of the empire, in the kingdom of Novgorod. It dates back to the twelfth century, and this fair to the fourteenth century; so, long before America was discovered, it was held. It has shops and bazaras extending over several miles at the junction of the river Oka with the Volga. It seemed more like a dream than a reality that we had been permitted to see a point so far east, for in childhood the Volga seemed to me to lie beyond the confines of civilization. But here were all the evidences of refinement and wealth.

THE Chicago *Journal* of Saturday says: "Our recent advices from various parts of this and adjacent States, in reference to the corn crop, are that it is now beyond the danger of frost, and that there will be much more good new corn harvested than has been generally anticipated. The wheat and oat crops were immense everywhere.

PERSONAL.

—A good story is told of Bismarck by the *Dalcino*, a German paper: While dining at his hotel at Frankfort he noticed two young ladies opposite him who were, in a very loud voice and with much laughter, making fun of the company, especially himself. They were, however, speaking in the Lettish language, feeling sure that no one present understood it. Bismarck had picked up a few words of Lettish, however, and whispered to a friend near by, asking him to give him a watch key when he heard Lettish spoak in a foreign, language. Presently, during a slight pause in the hilarity of the ladies, Count Bismarck said quietly to his friend, "Dohd man to azieck" (give me the key.) The effect was instantaneous: the ladies started as if they were shot, and with their faces covered with blushes rushed out of the room.

—The remains of the unfortunate Duke of Reichstadt, son of Napoleon I., are to be brought from their resting place at Vienna and deposited in the newly restored vaults of the Abbey St. Denis, in Paris. The commission charged with the duty has already been appointed, and Paris and the nation have a funeral show as a novel excitement. Louis Napoleon is determined to make history.

—Gen. Grant, since going into the War Department, has received a number of letters, some of them anonymous, and others from unknown persons, urging him to take great care for his personal safety. The writers represent generally that his life now is of the utmost importance to the nation. Some advise him to refrain from going about the city unattended; others, knowing his penchant for fast horses, beg him to handle them with every possibly precaution. One advises him to keep away from theatres, and another to use caution in the admission of persons who wish private interviews.

—John Brown is about to change his situation in life, by marrying a Scotch girl with whom he avers he has a "previous engagement." He will not, however, leave the Queen's service entirely, for he will have charge of some part of the royal establishment at Balmoral. He accompanied the Queen on her late visit to Floors Castle, and, according to report, made himself extremely officious. At Kelso, John was the first to approach the carriage containing the Queen, and, but for the intervention of some half dozen Dukes and Duchesses, who were ready and eager to thrust him out of the way, the stalwart Highlander would have conducted his sovereign across the platform and through the triumphal arch to the royal carriage. This hideous breach of etiquette was happily prevented, and John's enthusiasm was confined to bowing acknowledgment to the cheers which greeted the Queen. At Melrose, a horrid reporter tells how John accompanied the royal visitors into the abbey; how he picked up his cap from the carriage seat, where it had fallen, upon the point of Her Majesty's parasol, and how he shawled her with great care on her return to the carriage.

—The Bishop of Colorado has established a church at Salt Lake City, and given notice to Brigham Young that they will not be driven off.

FROM ALTOONA, PA.

Convention of Car Masters---Organization of a National Association---Objects of the Association---A Pleasant Time.

Special Correspondence of Pittsburgh Commercial.
ALTOONA, PA., September 20, 1867.

A very important and interesting meeting of car masters closed its session at Altoona, on Thursday. This meeting, which convened pursuant to adjournment of one of a similar character held in Springfield, Mass., about this time last year, had for its object the permanent organization of The National Car Masters' Association of the United States.

After the Committee on Constitution and By-Laws had made a report, and the same was duly considered, amended and adopted, Mr. J. W. VanHouton, and Mr. Davis, of the Pennsylvania Railroad, were elected permanent President and Secretary for the ensuing year. The intention of the organization is to bring together car masters from all the different roads of the country, for consultation, and Committees were appointed whose business it should be to suggest subjects for investigation at the next meeting. This is a step in the right direction, and will tend largely towards bringing about that uniformity in freight cars, so essential to the carrying interests of our country. Instead of as at present having cars of all variety of patterns, which, when they fail in some of their parts, often cause great delay and trouble on account of being different from any of the patterns belonging to the road on which they may then be, we look for the time, and that within a few years, when on the important roads of the country, the essential part of their cars will correspond.

The managers of the Pennsylvania Railroad did the handsome thing by the members of the Convention, giving them a delightful excursion to Cresson Springs on the first day of the Convention, and on the second a visit to Johnstown to examine the extensive iron works of that place. Altogether, it was one of the most pleasant meetings of business men, it has ever been our fortune to attend, and we predict that each successive meeting will be more interesting and profitable. W.

WESTERN NEWS.

Friday morning last, the air was literally dark with great flocks of pigeons flying southward. To the great aggravation of sportsmen, they flew too high to be reached with shot.

Omaha dispatches say telegrams from the Indian Council announce the declaration of peace with the Brule and Ogalalla bands of Sioux. Senator Henderson and General Sherman made speeches. The latter said: "If you don't leave the roads alone, I will kill you, and I will give you neither powder nor ball till you make peace." Pawnee-Killer, Chief of the Cheyennes, left the Council in disgust. The Council will meet again at North Platte, on the 1st of November. Ammunition will be given to peaceful tribes.

The Montana *Post* says: "The Seventh regiment of volunteers have returned to Camp Meagher, having failed to overtake the Yellowstone Indians. They left camp on the ninth on an expedition against the Crows on the Sweetwater. There is no doubt of the hostility of the Crows, as they are continually committing depredations.

Great fears are entertained for the safety of a party of emigrants on the road from Fort Smith to Virginia City, as they have not been heard from for a long time.

The Indians have notified contractors on the Kansas Pacific Railway that the road shall not be built beyond Fort Hays—that they mean war to the knife. Gross settlements prevailing along the route and the laborers are leaving. Colonel Shoemaker is at the end of the track, rallying the men.

Professor Henning Jenson, "Presidigitateur," while performing at Union Hall, in Marion, Iowa, Friday evening, was fatally injured during one of his feats, which was to allow any person to shoot at him with a pistol loaded with shot or ball. It appears that the tube on the end of the ramrod, which drew the charge after being rammed down, remained in the pistol, thereby leaving it full loaded. The Professor was shot in the head, and cannot survive.

The St. Louis Chamber of Commerce has appropriated $1,000 for the sufferers in New Orleans, and appointed a committee of sixteen to solicit individual subscriptions.

A private note from Green county says in regard to the grasshopper crop of that region: "Grasshoppers by thousands of millions have invaded this region, and are making their mark deeply and widely upon every species of vegetable matter for which they have a taste. Corn, turnips, cabbage and tomatoes are apparently their favorites." This locust army has been traveling from the West for years. Steadily they have been bearing down upon us, and while we have yearly read of their ravages in the trans-Missouri region with the same apathy of personal indifference that we read of a war of the Thugs, they have been circling near and are now at our very doors. Whether they intend to "winter over" with us and play havoc with our next year's crop, we shall have to wait to next year to see. The Digger Indians eat the grasshoppers and grow fat.

The St. Paul *Pioneer* of Thursday says that the Merchants' Union Express the day previous shipped East one of the largest lots of furs ever exported from that city. There were three hundred and eighty-seven bales of fine and valuable furs, weighing forty-seven thousand four hundred and nineteen pounds. In addition to this there were thirty-one thousand five hundred muskrat skins, weighing twenty-five thousand pounds, and three bales of fine furs valued at five thousand dollars.

OHIO NEWS.

The receipts of the Fayette county Fair last week were $5,000.

A young man called upon the Treasurer of the Stark County Agricultural Society last week, and paid him fifty cents, which amount he claimed he owed for admission to the last Fair, he having jumped over the fence and thus defrauded the Society. He had no peace of mind until he paid over the money.

There is an apple tree in Meigs county of the "Gate" variety, which was set out over sixty years ago, and is twelve feet in circumference and seven feet to the first limb. The top is nearly round, and spreads over thirty feet each way from the trunk. The tree is thrifty and in full bearing.

Hannegan & Son, of Mt. Vernon, have the contract for building the canal around the Des Moines falls in the Mississippi river. The job comes to about $650,000.

The citizens of Oxford have raised about $12,000 of the fund for the erection of new buildings for the University. At a meeting of the Trustees lately, it was voted to commence the erection of the buildings immediately, and to put agents in the field to canvass for funds.

J. P. Parker, the proprietor of the Phœnix Foundry at Ripley, was a runaway slave, and when he escaped out of bondage and located at that place had less than $5 in stock, all told. He is now a master machinist, and worth over $30,000, owning a flouring mill, foundry, several houses, etc.

Three of the large boilers at the Cleveland Rolling Mill Company's blast furnaces, at Newburgh, exploded at eleven o'clock on Friday morning, causing destruction to everything in that vicinity. There were six boilers used at the works, but three of them were in operation at the time. The explosion of these, however, displaced the others. Parts of the heavy boilers were blown high in the air, nearly one thousand feet distant from the mills. Only two persons were injured, and they but slightly.

Nearly one thousand citizens of Huron county made an excursion to Columbus on Thursday, and spent the day in visiting of the public institutions.

ONWARD, RIGHT ONWARD,

Into the valley of death,
Rode the six hundred.

But larger, by hundreds multiplied into millions, than the doomed band who rode to swift destruction in Tennyson's poem, is the great cavalcade of sickly beings who are riding into misery, wherever death, lugging that fearful disease FEVER AND AGUE, which by the use of

MISHLER'S HERB BITTERS,

They might, each one, be forever relieved from it, and their physical organization become thoroughly purged by means of a purified blood and healthy condition of the stomach. The legitimate result of using

Mishler's Celebrated Herb Bitters,

Is to ward off Fever and Ague when it is likely to make its appearance, and to effect a radical cure in cases where it has already gained a foothold. It makes no difference how long the victim of this disease has suffered from it, nor how violent the disease itself may be, we are prepared to furnish indubitable evidence that

Mishler's Celebrated Herb Bitters

Will cure it. It is inevitable from the very nature of the medicine; hence there is no longer any need of suffering. Send to your nearest Druggist for these invaluable Bitters, they all sell them.

OFFICE OF THE PACIFIC AND ATLANTIC TELEGRAPH COMPANY OF THE UNITED STATES,
Pittsburgh, September 21, 1867.

TO THE CITIZENS OF PITTSBURGH.
The Board of Officers of the Pacific and Atlantic Telegraph Company of the United States have great pleasure in announcing the opening of their lines to Cincinnati and Louisville.
In accordance with the equity which they believe should prevail between this corporation and the public in all charges for the transmission of messages over the wires of this company, they have ordered a reduction in the present rates from those heretofore established between Cincinnati, Pittsburgh and intermediate points, and have also directed a reduction to be made in the rate to New York.
The consistency with which this company have endeavored to serve the public, not only by a prompt transmission of messages, but by endeavoring to reduce the cost of telegraphing entitles them to once more request from this community a continuance of that patronage which has so far cheered the Board of officers in their endeavors to establish a permanent independent telegraph line, which, while profitable to the stockholders, from the good will of the public, should be equally remunerative to the public from a steady cheapening of the cost for the transmission of messages. GEO. H. THURSTON,
President P. and A. Telegraph Company of the United States.

CITY MATTERS.

Seriously Injured.

James Jones, a young man employed at the cutlery store of James Rowe, on Wood street, was quite seriously injured yesterday morning about nine o'clock. He was walking by the skylight in the second floor and accidentally stepped off, and fell through a large pane of glass, striking the first floor on his head and shoulders. His head and face was badly cut and he was also severely bruised about the body cut and shoulders. He was immediately taken right side and carried to Duquesne Way and Hancock to his home, corner of Duquesne Way and Hancock street, and attended by Dr. Duncan.

Runaway on Fifth Street.

Yesterday afternoon about half-past four o'clock a horse attached to a light spring wagon, which was driven by Mr. John Snyder, who keeps a tavern in the Diamond, became frightened near the corner of Fifth and Smithfield streets and ran down Fifth street at a rapid rate. Several persons who were crossing the street narrowly escaped being run over. The horse after getting loose from the wagon, at the corner of Wood street, ran up Virgin alley and was soon caught. Mr. Snyder was thrown out at the corner of Fifth and Wood streets and struck in the gutter, his head struck the curb-stone and his face was cut. He was also bruised about the shoulders, but his injuries are not considered serious as he was able to walk home.

Republican Executive Committee.

The Union Republican County Executive Committee met yesterday afternoon at the office of C. C. Taylor, Esq. In the absence of the Chairman, Major Russell Errett presided, and Gen. A. L. Pearson acted as Secretary. On motion, it was resolved that two grand mass meetings be held—one at Hare's Hotel, Pittsburgh, on the Diamond Square, Allegheny city, on other at the Diamond. It was announced that the Hon. Columbus A. Grow and the Hon. J. M. Campbell, late Minister of the United States to Sweden, would be present at the meetings. Hon. Andrew G. Curtin, ex-Governor of Pennsylvania, also expected to be here. A committee was appointed to wait on Governor John W. Geary, who will arrive here to-day, and endeavor to have him also address the meetings. A number of other meetings were appointed to be held, a notice of which will be found elsewhere. On motion, it was announced that the Committee hereafter meet daily, at half-past three o'clock, P. M., at the office of C. C. Taylor, No. 56 Grant street. After transacting some subsequent business, the Committee adjourned until this afternoon.

Police Intelligence.

[Before Alderman McMasters.]

ALLEGED FALSE PRETENSE.

Patrick Kearns lodged complaint yesterday against F. Mesner, charging him with false pretenses. Defendant, who is a hack driver, alleges that the defendant hired him to drive him to East Liberty, promising to pay him seven dollars, but that when he returned he refused to pay him. The accused was arrested, but the matter was settled by the defendant paying for the carriage hire and the costs of suit.

ASSAULT AND BATTERY.

J. P. Leonard charged a man named Flinn with assault and battery. The parties both live in Pitt township. Yesterday morning, deponent alleges, Flinn assaulted him in Oakland township, striking, striking, and otherwise abusing him. A warrant for the arrest of Flinn was issued.

[Before Alderman Lynch.]

ALLEGED FRAUD.

Joseua Flocker appeared at the office of this magistrate, and instituted suit against one James Nolan, charging him with fraud. In his information deponent states that on Friday last the defendant met him in East Liberty, and desired to trade watches with him. Flocker did not desire to do so, but Nolan at length persuaded him to trade, deponent giving defendant a watch worth twenty-five dollars and three dollars in money, for a watch, which defendant alleged was worth thirty-five dollars. Flocker afterwards took the watch to a jeweler in East Liberty, who informed him that the case was but bronze and that the whole watch was not worth the dollars. Hence the suit. The accused was arrested by officer Heasley and held for a hearing.

BARBARIAN CRUELTY—SHOOTING A HORSE.

Mr. Edward Nee made an information against a man named Snyder, charging him with malicious mischief. Mr. Nee, it appears, had a fine black horse in the pasture field of Messrs. Hutzel & Voegtly, in the Seventh ward, Allegheny, and it is alleged that on the night of the 10th inst., Snyder maliciously shot the horse, the ball entering the animal's hip, and crippling it so bad as to necessitate the horse being killed to relieve it of its misery. A warrant has been placed in the hands of an officer for the arrest of the accused.

ALLEGED ASSAULT AND BATTERY.

John Eichemiller and wife were charged with assault and battery, on oath of Thomas J. Gillespie. Deponent alleges that on the 19th inst., Mrs. Eichemiller assaulted him, striking him in the face six or seven times, and that her husband urged and assisted in the assault. The accused were arrested, but the case was amicably settled.

[Before Alderman Strain.]

FEROCIOUS DOG.

S. A. McGinnis made an information yesterday against one George Berger, charging him with keeping a ferocious dog. The parties reside on Vine street, and the prosecutor alleges that yesterday morning the defendant's dog set upon his child and bit it, injuring it quite severely. The accused was arrested and held for a hearing.

[Before Alderman Neillis, of Allegheny.]

ASSAULT AND BATTERY.

A man named Elwood Gordon was arrested yesterday, charged with committing an assault and battery upon Trevor Williams. A partial hearing was had, which resulted in the accused being committed to jail for a further hearing this morning, in default of three hundred dollars bail.

Court Proceedings.

QUARTER SESSIONS—JUDGE STOWE.

Judge Stowe presided in the District Court room and the trial of the Moffit-Thompson conspiracy case was resumed.

A large number of witnesses were called by the prosecution, as rebutting testimony, and testified that they were well acquainted in the community where Thompson resided and had never heard him spoken of as a counterfeiter.

Court then took a recess until one o'clock.

The Court re-assembled at one o'clock and several other witnesses were examined by the prosecution and testified as to the bad reputation of R. A. Stone.

Isaac Thompson was sworn and said he heard the statement of Mr. Nichols in reference to proposals to go into the counterfeiting business, and that those statements were false.

REBUTTING TESTIMONY FOR THE DEFENCE.

Mr. Woods, Professor of Mathematics in a school at California, Washington county, was sworn and said the reputation of Stone for truth and veracity was good.

Henry Delaney, R. H. Richey, John R. Dutton, Wm. Thorswell, Mr. Steele, Dr. Patton, J. H. Thompson, Captain Springer, Wm. Gregg, John Lucas, James Hearick, Thomas Wood, George Cox, Jonathan Wood and several other witnesses were examined and testified that Stone's reputation was good.

A number of witnesses were sworn and testified as to the good character of Atkinson Nichols another witness for the defence.

Other witnesses were examined as to the good character of Mr. Nichols, after which the Court adjourned. About two hundred witnesses have been examined since the case commenced last week, and as parties concerned are becoming impatient for the conclusion of the trial. The case will most likely be concluded to-day.

BEFORE JUDGE STERRETT.

George Baxley was arraigned on a charge of assault and battery, preferred by his wife. The defendant was supposed to be insane, and the information was lodged for the purpose of having the question of his sanity passed upon by a jury. The jury found a verdict of not guilty, and also found that at the time of the commission of the alleged offence the defendant was insane. He was remanded to jail, but will be sent to the asylum.

CONVICTED OF LARCENY.

Sarah A. Wolf was placed on trial on an indictment for larceny. It appeared from the testimony that she had been employed, as a domestic, in the family of Mrs. Margaret Smith, a resident of Manchester, and about the first of April last stole from Mrs. Montgomery several articles, amounting in value to twenty-five dollars. The mother of the defendant was first arrested, but the girl confessed her guilt, and was accordingly held for trial. The jury found a verdict of guilty, and recommended the case to the mercy of the Court.

HORSE STEALING.

Two colored boys named John Fletcher and Charles Lewis were arraigned on an indictment charging them with stealing two horses, the property of Wm. Irons, from the pasture of Joseph Scheil, in North Fayette township, on the 25th of June last. The jury found a verdict of guilty, and recommended the prisoner, Fletcher, to the mercy of the Court. Little was elicited, and the two years in the penitentiary and Fletcher committed to the house of refuge.

HIGHWAY ROBBERY.

Wm. Fitzpatrick and Hugh Duffy were arraigned on an indictment for highway robbery. It was alleged that several weeks ago the defendants assaulted a man named Wm. Price, on the south side of the Monongahela bridge, and robbed him of his pocket book. Case on trial.

Court adjourned at half-past three o'clock.

UNITED STATES DISTRICT COURT—JUDGE M'CANDLESS.

The Court designated the West Branch National Bank of Williamsport, located at the city of Williamsport, Lycoming county, in the Eighteenth Congressional District of Pennsylvania, as a depository under the 20th General Order in Bankruptcy, and Wm. Hall, of the County of Lycoming, Esq., Register of said District, was authorized to conduct the business.

COMMON PLEAS—JUDGE MELLON.

Anthony Kennedy vs. Thomas J. Moore. Action to recover wages for labor in excavating a cellar at the corner of Federal and Locust streets. Verdict for the plaintiff in the sum of $42.50.

Wm. Oliver vs. School Directors of the Borough of Elizabeth, to recover $50 bounty payable to the veteran volunteers under the act of 1864. Verdict for the defendant.

COMMON PLEAS—TRIAL LIST.

The following list of cases will be taken up to-day before Judge Mellon:

No. 8, Wilt, McAlpine & Co. vs. Forward, Hicks & Co.
56. Brailsford vs. Jones and wife.
58. Currey vs. Pittsburgh Coal Co.
59. McCormick vs. A. Fulton & Son.
60. Mercer Co. vs. Bennett et al.
61. Shegert vs. Dillridge.
62. Hopkins vs. T. J. Hunter & Co.
63. Bard vs. Fisher.
64. Brown vs. Wash & Co.
65. Henderson & Andrews vs. John Irwin & Co.

The New Theory for Diseases of the Air Passages.

A WORD FROM AN OLD SCHOOL PHYSICIAN AS TO ITS MERITS.

There are many systems of medicine by which we attempt to heal the human body and make it free of disease, ranging from the science of Allopathy down to that of Hydropathy. How far they have succeeded time has abundantly shown, by the number of their failures, as well as the number and nature of their cures.

In the case of Pulmonary disease, Dr. Aborn has stepped out of the beaten track, and adopted a system so simple, direct and natural, as to recommend itself to all who are suffering from catarrh and diseases of the lungs, of a character defying cure by any of the old methods of treatment.

Although from childhood I have been raised and also went through a regular course and graduated as an Allopathist, yet a child knew of what is right and best, as well as personal benefit received by the new system of administration reaches me to bear some testimony to its merits for the benefit of suffering humanity.

Third Day's Announcement of REMARKABLE CURES.

This entire column is devoted to the names and nature of the diseases of a few of the many thousand of cases of chronic and obstinate diseases of the Eye, Ear, Head, Throat and organs of the Chest, that have been cured by Dr. Aborn, of No. 134 Smithfield street, many of which had resisted the best of medical skill previous to applying to him, but under his peculiar treatment they have been restored in an incredible short space of time, and many of which seem to have been almost miraculous.

The *Gazette* justly says:

High Testimonials.

Seldom in the history of medical science heroisteuts have so many marvelous cures been effected, as have marked the professional career of Dr. E. S. Aborn, the skillful physician and surgeon, whose office is located at No. 134 Smithfield street. His wonderful success in the treatment of diseases can only be attributable to his high knowledge of the human body and the ills to which it is heir. Knowing these things thoroughly, he makes direct war on the cause of his patient's complaint, and does not trifle away the time in which a cure should be effected, in searching out the disease. But we wander from our purpose, as we merely intended to give prominence to the following certificates.

A Blind Girl Made to See.

Miss Shuck, who resides on Mount Washington, was stone blind when she applied to Dr. E. S. Aborn, 134 Smithfield street, a few weeks ago. To-day her sight is completely restored.

Disease of the Chest Cured.

PITTSBURGH, September 17, 1867.

DR. E. S. ABORN, No. 134 Smithfield street—*Dear Sir*:—Being confined to office work for a series of years, I found leaning over the desk seriously affected my chest, causing sleepless nights, cold sweats, followed by shooting pains. Through your atomization process of reaching the organs of the chest, I have been so much relieved as to lead me in justice to you to send my testimony to its efficacy.

Respectfully yours,
M. G. CURRY,
Bookkeeper at McFarland & Collins' Carpet Store, No. 71 and 73 Fifth street.

A Man 74 Years of Age Made to Hear in Four Days.

I certify that I had been afflicted with a deafness and a constant disagreeable buzzing noise and sounds in my ear. When I applied to Dr. Aborn last Saturday I was so deaf that I could not hear a watch tick. After using his treatment for four days I find that I am relieved of noises and sounds, and can hear the ticking of a watch; I am seventy-four years of age.

JAMES SMITH,
Officer of the Court.

Another Remarkable and Speedy Recovery.

The following additional testimony to the efficacy of Dr. Aborn's treatment has been handed us for publication:

I have been afflicted with an affection of the throat and chest and pain in the side, accompanied by a constant cough, for eighteen months. My friends believed that I had the consumption, and acting upon the advice of one of them I applied to Dr. Aborn three weeks ago, and placed myself under his care. I gradually grew better, and am to-day quite restored to health and vigor. The cure has been a remarkable one, and I take pleasure in recommending other sufferers to call at once upon Dr. Aborn.

A Deaf Man Recovers His Hearing in Five Minutes Time Under the Skillful Treatment of Dr. Aborn.

After suffering from deafness for upwards of five years without any relief, it gives me great pleasure to give publicity to the following fact: I applied to Dr. Aborn, at No. 134 Smithfield street, and in five minutes time he restored my hearing. The sudden restoration of my hearing causes me to feel as though I had been transported to another world. Persons afflicted as I have been should by no time in calling on the Doctor. He is a gentleman of few words, but his successful treatment speaks louder than human tongue.

Hearing Restored After Six Years Deafness.

PITTSBURGH, Pa., August 22, 1867.

DR. E. S. ABORN.—*Dear Sir*:—For upwards of six years prior to applying for your skillful treatment (Saturday, August 17th) I was a great sufferer from the pain and inconvenience arising from deafness. Before leaving London for the United States, I had been treated by distinguished ear surgeons whose skill and experience did not avail in my case. Learning from the columns of the COMMERCIAL that your treatment was so mild and universally successful, I resolved to place myself immediately under it. Last Saturday I was so deaf that I could not have heard the ticking of a watch, even if placed against my ears. To-day—after the lapse of only one week since you took my case in hand—I find my hearing restored so that I hear distinctly, and am now in the way of complete and permanent recovery from the causes which produced my deafness.

Yours, truly, JOHN NOONAN,
Iowa street.

From Esquire A. B. Stevenson, Magistrate at Birmingham.

To the Public:—I certify that I had been severely afflicted for years with Catarrh of the Head, Bronchitis, Heavyness in the Chest, and Impaired Hearing. In this deplorable state I was providentially induced to apply to Dr. Aborn, at 134 Smithfield street. In ten days after commencing his treatment, I am most happy to acknowledge that I have almost *entirely* recovered from every symptom from which I had so long suffered. My hearing also is at most *entirely restored* to its original acuteness as the fruit of his skilled and scientific treatment.

A. B. STEVENSON.

Remarkable Cure of a Complication of Disorders.

HILLSVILLE, Pa., July 29, 1867.

Dr. E. S. Aborn, No. 134 Smithfield street, Pittsburgh, Pa:

Dear Sir: I write a few lines to inform you of the results of your treatment in my complication of ailments. My eyes are improving and are nearly well. My hearing has improved, and the pain in my body has been very much relieved, and, I think, in a short time, will be entirely eradicated.

Yours, respectfully,
JOSEPH DICKSON.

Hearing Restored in Five Minutes.

When I applied to Dr. Aborn, 134 Smithfield street, I was so deaf in my right ear that I could not hear my watch tick when pressed against it, and had been so for years. *To-day minutes time he restored my hearing.* Now I can hear my watch tick at a distance of eight inches. This I consider a remarkable cure.

A Lady Restored to Health.

When I placed myself in the hands of Dr. Aborn, nine days ago, I was so prostrated from a complication of Diseases of the chest that I was scarcely able to move from my bed. My appetite was entirely gone. My stomach was so diseased that it was almost impossible for me to retain a tablespoonful of gruel. My liver was alarmingly deranged. A constant pain in my head, chest, side, back; in fact, life was a burden to me in this suffering condition. Indeed, I was fast merging to an early grave. But thanks to the skillful hand of Dr. Aborn, I am once more restored to former health. As soon as fortnight hence after commencing his medicines I found a change taking place in my system. So speedy, successful and satisfactory has been the effect of his medicines, my distressing disease that in justice to him and that the poor afflicted may know where to find a true and scientific gentleman, I have cheerfully made known the fact concerning my case.

MARY J. HERMAN,
Decker street, Allegheny.

Dyspepsia and Disease of the Liver Cured.

Six weeks ago I applied to Dr. Aborn, at No. 134 Smithfield street, with painful affection of the chest. For two years I had been afflicted with dyspepsia and liver affection. I was very weak and reduced in flesh. During the brief period of six weeks under Dr. Aborn's new treatment I have quite recovered, and gained my former strength.

From an Optician.

Mr. Wm. N. Ogden, Optician, No. 59 Fifth street, well known to the citizens of Pittsburgh, is mentioned by permission as having been successfully and scientifically treated by Dr. Aborn, of No. 134 Smithfield street, in a severe case of disease of the eye, and to whom Dr. Aborn respectfully refers.

Successful Treatment of the Ear.

Editor Commercial:—DEAR SIR:—I made known through the columns of your paper in October last, that Dr. Aborn had restored my hearing and removed a constant disagreeable buzzing noise from my ears, by one operation, in five minutes time, without cutting, probing or producing a particle of pain. It gave me a peculiar pleasure in relating the fact, and that the cure is permanent. I cheerfully state that the Doctor, apart from his extraordinary skill, is a gentleman of candor. Not like many whom I consulted previous to calling on him, he makes no extravagant promises for the purpose of inducing patients to place themselves under his treatment. Having given indubitable evidence of his skill, he leaves it to the patient to decide whether or not he will have his services, which a reasonable person certainly will appreciate. My residence is in Jefferson county, Pa. When in the city of Pittsburgh, I stop at the St. Clair Hotel. A grateful patient,

HENRY BROWN.

Granulated Sore Eye Cured.

I have been afflicted for a long time with a sore eye, which baffled all ordinary treatment. Having heard of the successful treatment of Dr. Aborn, at 134 Smithfield street, I was determined to give him a trial in my case, and it gives me great pleasure to say that he has performed a perfect cure in seven days. Persons suffering from a disease of the eye will find Dr. Aborn one of the most skillful surgeons in the United States. He does not forget you to deal in trying to cure you, but his manipulations are done with great skill and with soothing effect.

JOHN WAGNER,
284 Ohio street, Allegheny.

NOTE.—Dr. Aborn devotes especial attention to the treatment of all diseases incident to the Eye, Ear, Heart, Throat and organs of the Chest. Will be professionally at his rooms, No. 134 Smithfield street, from 9 A. M. to 4 P. M.

A Blind Child Restored to Perfect Sight.

On Saturday we were called upon in our sanctum by a smart and intelligent little girl who came to tell us, in her own innocent manner, now her sight had been restored by that distinguished surgeon and physician Dr. E. S. Aborn, No. 134 Smithfield street. Her name she gave us as Louisa Shuck, and she told us that she resided at Mt. Washington, opposite the city. She had some time ago been attacked with that dreadful and loathsome disease, small pox, which not only disfigured her face but totally destroyed the sight of her right eye and seriously impaired that of the left. No calamity can be imagined more terrible to the young than the destruction of the organ of sight—to have the windows of the soul closed and darkened just at an age when the world is shadowed by no dark clouds, but pleasing to the view all its beauty, poetry and grandeur. Little Louisa's friends deeply sympathized with her, and to avert a life of bitterness and blank, called on Dr. Aborn and placed her under his treatment. The case was difficult, but the unequalled skill and perfection acquired by this surgeon among surgeons prompted him to promise the little Louisa that in time of the fulfillment of that promise. She could see, and seemed to delight in closing her left eye to show us how well she could see with her right one. She could tell colors, tell letters, tell objects, and in short, her sight was fully restored, and she was so glad to talk about it. But this is only one of the pleasing cases in which daily gratify Dr. Aborn. He has accomplished so many cures that his practice has become widely extended, and he now enjoys a national reputation based on pure merit alone. Little Louisa's "certificate," told by her own prattling lips, is worth a score of affidavits, and the knowledge of having restored her to complete sight, to have redeemed her from darkness, must prove a source of great satisfaction to Dr. Aborn than one who is outside of this profession can imagine.—*Pittsburgh Gazette.*

[We can indorse the above, as the little overjoyed patient called at this office, and detailed how her sight had been restored through the agency of Dr. Aborn's skill.]

Instant Relief.

I have been suffering with a most excruciating pain in the head and jaw since the beginning of last winter, so severe at times as almost to deprive me of reason. I went to several of the best physicians in this city, and was also an inmate of the Hospital for fifteen weeks. A friend advised me to visit Dr. Aborn. I did so, and in five minutes time he relieved me of all pain.

Vigorous Vitality.

The best defense against disease is a vigorous vitality. Disease is simply a struggle between the life-power and the invisible enemies that assail it; and the result depends upon the relative strength of the antagonistic principles. In proportion to the vigor and energy of the physique and the constitution is their capacity to resist and fight off the morbid influences which produce sickness. It is a well known fact that active poisons affect in different degrees the weak and the strong. The dose of opium or of arsenic that will suffice to kill a child will scarcely sicken a stalwart man. It is the same with the aerial poisons which produce epidemic and endemic fevers, dysenteries, fluxes and the like. Their effect upon the system depends upon its power of resistance. Augment, therefore, this resistant power, if you would escape these evils. The tonic agent necessary to effect this object has been provided in

HOSTETTER'S STOMACH BITTERS,

a vegetable invigorant of surpassing potency. Fortify the body, increase the vital strength of every organ with this great herbal invigorant. Remember that it strengthens without unduly exciting the animal system.

FINANCE AND TRADE.

MONDAY EVENING, Sept. 23, 1867.

There was a manifest tightening up in the local money market to-day, not so much from any sudden scarcity of money, but more on account of the great change that has occurred in the Eastern money markets, which has caused lenders to await a few days and see what will turn up. In the meantime there is a large class of borrowers that can obtain almost any necessary accommodations at the banks and from private lenders through the brokers.

—All classes of local stocks are very dull, and holders are disposed in many instances to make some concessions, when large lots are taken.

—The following statement exhibits the business of the Pittsburgh Clearing House, for the week ending Saturday, September 14th:

	EXCHANGES.	BALANCES.

—Saturday of Sunday remarks that there was diminished excitement in the stock market to-day, and although prices declined at the opening below the closing quotations of last evening the tendency was afterwards towards improvement, and an advance of about one per cent. was established in the afternoon. The fluctuations were frequent, but not wide, and the panic of the previous three days appeared to have spent its force. The bulls are, however, still surrounded by a multitude of Job's comforters. Bank officers, almost without exception, say that money will be more active next week than it has been this, and continue so until after the first Monday in October, when the quarterly returns of the National Banks are made up. The bears still talk confidently of a terrible time to come, and confidence in the future of the market is by no means reestablished. Those who can hold their stocks, however, over the fortnight have nothing to fear, as a strong upward movement must, in the nature of events, succeed the present artificial depression, and those who are bearing stocks now will be bulling them then.

PITTSBURGH OIL TRADE.

OFFICE OF THE PITTSBURGH COMMERCIAL, TUESDAY, September 24, 1867.

Business, so far as relates to oil, was very dull. The Eastern and easier news was not the kind to stir up the trade, and parties are waiting for that to call for further information. The consequence was a dull market, with a very light demand for prompt or future delivery.

Crude was nominally reported was 7 cents bbl on the spot, or 42c per gallon. The nominal rates were for that water, 42@c. The fact is the market is nearly bare of crude, and there is no pressure on those who have purchased on speculation and are disposed to hold on until prices meet their views. The receipts of the raw material were 200 bbls. Dispatches from Oil City reported a market devoid of activity and buyers not inclined to operate. In fact, up to the departure of the dispatch not a single sale had been consummated.

Refined Oil—Prices are weaker. Buyers were not up to the quotations offered to us for tanks, and make further concessions. The sales reach 2,000 bbls at a decline of 3c @ gallon, the latter rate for standard white, delivered in bbls. The market closed rather irregular; sales 1,500 bbls standard white, Philadelphia; 500 bbls, October, 34c; 500 do, November, 34c, and 500 bbls do, December, 34½c @ gallon. The market closed with the advantage on the side of buyers.

Oil City Oil Market.

Special Dispatch to the Pittsburgh Commercial:

OIL CITY, September 23, 1867.

The market for crude is dull and dragging. Price nominally $1 15 delivered at Oil City, on the Creek $1 75@2 00, with but little inquiry.

New York Petroleum Market.

September 21.—Crude is in moderate demand, but devoid of excitement, and prices are easier at 40@ 40½c gravity, in bulk, at 38c; 1000 do, low gravity, in lots, 35 c; 300 do, 40@42 gravity, for September, 36c S. O. 600 do, September, in merchantable order, 40@42c; 1000 do, October, 36c S. O. and 1000 do, November, in tank, was active and excited on Wednesday and Thursday, and Standard White advanced to 39@40c for spot and balance of the month; but yesterday there was little or no inquiry, and the market closed dull and nominal at 38@39c; the sales for the three days foot up 13,000 barrels. W., spot and for the balance of the month, at 38@39c; 500 do, on private terms; 500 do, P. W., October, 39c; 1,000 do, October, 39c; 1,000 do, October, 39c; 1,000 do,
